MORON POLICE!

THE PROPAGANDA MACHINE

charlie's enormous mouth:

charlies enormous mouth, motherfucker, charlie's enormous mouth
yes, yes, yes.
Feel the breath from the man down South
charlie's enormous trigger's getting better, look at that sexy figure.
Bang, bang, bang.
when you feel it's grip, you can hear it roar.
Eat my fallout, it's yours if you want.
NO, wait, i've changed my mind.
If this word is somewhat harder to ignore, then squeeze and hear me roar.
charlies enourmous mouth, motherfucker burning right through your brain.
Down, down, down.
It'll make you believe you are clinically insane.

Who's that Chicken:

Who's that chicken in the forest there, oh my GOD that's a naked bear
who's that chicken in the forest there, oh my God that's a naked bear
just standing there, just standing there.
Lets go to rehab, where they put the sane inside a hole.
Let's go to rehab, and watch the giant monkey grow.
Let's go to rehab, just because we hear things they don't
Let's go to rehab some day.
They say my mind is free, how do you make a blind man see?
I am all I can be, but I am only me.
I've gained Sincerity.
I lack tranquility.
They rape me Silently.
Deny my sanity.

whorehouse:

We all live in a whorehouse; love's a battlefield so it's a warhouse
Damn this Soul, this feeble Shell of mine.
This endless Pain inside this endless hole.
I've tried to love, ive even tried to die,
but it all subsides when we get high!
We all live in a whorehouse;
loves a battlefield so it's a warhouse

Down at the DiSCO:
Jesus, will you marry me? Because I love what you've dove to my brain
Woke uPand started to stare, no more cocaine on my chair.
I don't know where I am, but I don't even care.
Feel like a Piece of shit, miserable, I need a hit.
I'm doing really great, but only when i'm
Down at the disco, snorting Jesus K.
Euphoria that steals my life away
If God made this planet, he also made the K
And that's what he did on the seventh day.
Jesus, will You marry me? Because I love what you've done to my brain.

Hey there I'm high again, down with my only friend.
No cash, I had to lend.
A will that I can bend.
Feel like i'm superman, i'm in a garbage can.
I'm doing really great, but only when I'm

Down at the disco, snorting Jesus K.
EUPhoria that steals my life away.
If God made this planet, he also made the K
And that's what he did on the seventh day.
Jesus, will You marry me? Because I love what you've done to my brain.

GO TO Hell:
Hey there pretty baby, let's just fly away,
and with these wings We'll set the world astray.
And if you want, we'll just go right away, my friend.
And hey there pretty baby, won't you show a smile for me?
A smile can take me to eternity.
And if you want, we'll just go right away, my friend.

You can go to hell, because I don't care anymore.
You can go to hell, ah yes, you dirty little whore!
You can go to hell, and maybe the devil will give you a snack,
you can get real high with a bottle of Jack!

Hey there pretty baby, I hope you're burning red,
and I hope you fry before you turn up dead.
And if you try to move, i'll kick you in the head!

You can go to hell, because I don't care anymore.
You can go to hell, ah yes, you dirty little whore!
You can go to hell, and maybe the devil will give you a snack,
you can get real high with a bottle of jack!

Omnivorous sexoSaurus:
Oh my baby, just so many feemas.
I don't know why I infiltrate that girl?
I don't wanna, no, no, I don't wanna (but he doesn't have a choice)

Omnivorous Sexosaurus
FUCK this shit, im going to brown town.
oh my baby, just so many feemas.
I don't know why I infiltrate that tree
I don't wanna, no, no, I don't wanna go.
Omnivorous Sexosaurus
Fuck this shit, i'm going to brown town.

Sunshine Road:

Hey my name is Johnny, where did I go wrong?
living on the streets where I sing this song.
Everybody knows that it's totally grey, dooba deedle
ladladl ooh dat dey!
oh you wanna go where the Sun no longer shines,
down below the cesspools of your mind!

They said it's all o.k, we're going down the sunshine road.
It's down this way, we're going down the sunshine road.
It's all ok, if you do what we preach, and do what we say.
It's down this way! We'll drain your blood down sunshine road

Don't eat my chocolate:

Who are you, eating my chocolate,
eating my chocolate on my chair?
YOU saw that that was my chocolate,
that's my chocolate, that's not fair!

How was I to know? I don't justify feeling low.
Down with all my hoes
Gotta stick it to the man!
You gotta stick it to the man, stick it to the man,
gotta stick it to the man etc...
Fiddy in a candy store,
wanna get naked on the bathroom floor

Who are you, eating my chocolate,
eating my chocolate on my chair?
YOU saw that that was my chocolate,
that's my chocolate, that's not fair!

Who are you, eating my chocolate,
eating my chocolate on my chair?
YOU saw that that was my chocolate,
that's my chocolate, that's not fair!

How was I to know? I don't justify feeling low.
Down with all my hoes
stick it to the man etc...
Because the man doesn't like the way
you wear your clothes.
Fiddy in a candy store,
wanna get naked on the bathroom floor

Supermegaawesome Couch:

I'll take a little poop in the afternoon, while
sitting on my Pooping couch.
This couch was made for pooping on, so it's a
supermegaawesome couch.
And that's the way I like it baby,
and im never gonna change
And that's the way I like it baby, and
iim never gonna change!
I'll take a little poop in the afternoon,
while sitting on my pooping couch.
This couch was made for pooping on, so it's a
supermegaawesome couch.
And that's the way I like it baby,
and im never gonna change
Well, most people tell me if you take a poop,
you should put it in a toilet bowl, but
you can't have a toilet in the living room,
So I took my couch and I made a hole
And that's the way I like it baby,
and im never gonna change
And that's the way I like it baby, and
iim never gonna change!
You got to sit on my face and say you love me bitch

So now I take a poop every time I want,
I mix it up with some Taco Bell.
My wife has left me, and my dog is dead,
I guess ill see them both in hell.
And that's the way I like it baby,
and im never gonna change
And that's the way I like it baby, and
iim never gonna change!
You got to sit on my face and say you love me bitch

Gratitudes:

Moron Police:

We'd like to thank all the bands, people and fans (yeah, they're different kind of people) we've partied with or just hung out with; all festivals, bars and venues that believed our stupidity was worth exposing and booked us for a show; everyone who's kicked our asses to make this album happen and all the suckers who threw their money away buying this album when they could've downloaded it for free and spent the money on more useful things. Morons! We salute you!

Captain Retardo:

I would like to thank everybody who has made this album possible, especially my parents for not having a hobby and spending their cash on me. And a special thank you to Robert Julian Hvistendahl for lending me the ompa riff to Don't eat my Chocolate!

Master Bootstyle:

There are so many people who should've been mentioned here, but since my time is priceless and because it's a hundrum job to write such lists!

Lord Fartabellie:

I would like to thank my family and friends for keeping up with all my dumb shit through all these years of so-called drumming. Special thanks to my mum and dad for their support and love! To all the people who made this record happen. To all the fans, and especially Thomas Hana for attending all our shows and loving every song! Ohh look! A burger! NOMNOMNOM!
